03

Schedule your date.

Private Event:
\$300.00 deposit

Tradeshow:
\$3,000.00 deposit

Deposits returned following conclusion of event or show.

Our owner and Chief Executive Officer, Mary K Leonard, brings her decades of experience in governing and leadership roles with Special Olympics Washington DC, Society of Government Meeting Professionals, Kimpton Hotels & Restaurants and the Conde Nast Traveler World Saver award-winning Willard InterContinental Sustainability Team. With her extensive background in event planning, volunteer coordination, fundraising and charitable giving, each event is hosted in the spirit of a welcoming and kind environment which is suitable for all charitable causes.

Your Fundraiser

The goal of each KatherineHelena fundraising event is to raise money for a charity, person or cause in need of financial support.

Printed invitations for your guests will be provided with detailed cause and fundraising information and will include an online RSVP link to manage attendance.

Should a guest wish to contribute by making a purchase, but is unable to attend the scheduled fundraiser date, an online code will be provided to enable all invited guests to contribute.

Through the event sales, 20% of the profit will be given to the organization for distribution within 30 days of event close. Any applicable taxes are the sole responsibility of the end recipient of the funds.

KatherineHelena Jewelry

All of our fine jewelry is sustainably sourced or produced including only the highest quality gemstones and hand-crafted designs.

Sustainable sourcing is the integration of social, ethical and environmental performance factors in the process of selecting suppliers. KatherineHelena works solely with companies based in the United States who follow similar sustainable practices.

Sustainability

The triple bottom line: people, planet, profit. KatherineHelena is built on a core belief that investing in our community builds a better future. Our sustainable development policy balances local and global efforts to meet basic human needs without destroying or degrading the natural environment.
